AKSHAY P

Software Developer – Flutter | Mobile Application Developer

PROFILE

Self-motivated and hardworking MCA graduate with a passion for technology and a strong foundation in computer science. Proven skills in software development, problem-solving, and teamwork through academic projects and internships. Eager to contribute to the growth of your organization and further develop my professional abilities in a challenging environment.

PROJECTS

SMART SAFETY DRIVING: PG MAIN PROJECT 2024

The project introduces a solution for road maintenance in countries. It involves placing a signal transmitter near excavated or trenched roads. When vehicles pass by a receiver in the vehicle alerts the driver, improves safety. Additionally, emergency buttons allow for quick notifications to authorities in case of emergencies.

EDU-MED FUNDRAISE: PG MINI PROJECT 2023

The EDU-MED Fundraise project tackles financial challenges faced by students without scholarships and individuals lacking medical insurance. It develops systems to identify and support these groups, providing access to essential educational resources and healthcare. By bridging gaps in education and healthcare, the project promotes inclusivity and equal opportunities. This initiative ultimately fosters a more inclusive society.

DISASTER AND EMERGENCY MANAGEMENT SYSTEM (DEMS): UG MAIN PROJECT 2020

This project focuses on addressing the emergency needs of people during natural disasters, providing essential resources such as food, medicine, and equipment. It includes efficient organization and allocation of individuals to different camp locations to ensure proper shelter and support. The system also facilitates streamlined distribution of aid to the most affected areas, enhancing disaster response efforts.

INTERNSHIP

Flutter Development **May 2024 – November 2024**
Trycode Innovations

ACHIEVEMENTS

- Completed Database Management System - NPTEL Online certification by IIT Kharagpur.
- Completed Introduction to Internet of Things -NPTEL Online certification by IIT Kharagpur.
- Completed Digital marketing course from "Google Digital Unlock".
